FIG. 12A

FIG. 12B

FIG. 12A

FIG. 12A is a schematic diagram of a brain 1200 showing a region of interest 1202 and a vertical line 1204. FIG. 12B is a schematic diagram of a brain 1200 showing a region of interest 1210. FIG. 12C is a schematic diagram of a brain 1200 showing a region of interest 1218 and a vertical line 1212. FIG. 12D is a schematic diagram of a brain 1200 showing a region of interest 1220 and a vertical line 1222. FIG. 12E is a schematic diagram of a brain 1200 showing a region of interest 1220 and a vertical line 1222. FIG. 12F is a schematic diagram of a brain 1200 showing a region of interest 1220 and a vertical line 1222.

36/41

FIG. 13 is a graph showing a signal 1300 over time. The x-axis is labeled "Time(s)" and ranges from 0 to 140. The y-axis ranges from -2 to 3. The signal 1300 is a jagged line. A shaded region 1306 is present between approximately 40 and 100 seconds. Labels 1302a, 1302b, 1304a, 1304b, and 1304c point to specific peaks or features on the signal. Label 1308a points to the start of the shaded region, and label 1308b points to the end of the shaded region.
